

TRANSITION TEAM ■

How to Read a Job Posting

JOB READINESS

HOW TO USE THIS ACTIVITY

- Give the student a real or sample job posting. Highlight required information using the checklist.
- The goal is to decide whether the student understands the job before applying.

Find and mark: job title, employer, location, schedule, pay if listed, minimum age, education, experience, required skills, physical requirements, application instructions, deadline/contact.

Red flags/questions: Do I have transportation? Can I work the schedule? Do I meet the minimum requirements? What should I ask before accepting?

Student: _____ Date: _____

Notes / Reflection:
