

TRANSITION TEAM ■

Tone of Voice: Same Words, Different Message

SOCIAL SKILLS

HOW TO USE THIS ACTIVITY

- Read each phrase in different tones. Students identify how tone can change the meaning even when the words stay the same.
- Practice a calm, respectful workplace version.

Phrases: 'Okay.' 'I already did it.' 'Can you help me?' 'What?' 'I don't understand.'

Scenarios: supervisor corrects your work; coworker interrupts; customer asks the same question again; you disagree with a teammate.

Reflection: What can I change besides my words? volume / facial expression / pace / posture.
