

TRANSITION TEAM ■

Paycheck Detective

JOB READINESS

HOW TO USE THIS ACTIVITY

- Use a sample pay stub or the practice information below. Students identify gross pay, deductions, and net pay.
- Explain that actual deductions vary by worker and situation.

Practice: Jordan worked 20 hours at \$12/hour. Gross pay = _____. Sample deductions total \$28. Net pay = _____.

Find/define: pay period, hours, hourly rate, gross pay, taxes/deductions, net pay, year-to-date.

Reflection: Why is take-home pay usually different from hourly rate x hours?

Student: _____ Date: _____

Notes / Reflection:
