Workplace What-Would-You-Do? Cards

GAMES ACTIVITIES

HOW TO USE THIS ACTIVITY

- Cut out the scenario cards. Student draws one, explains what they would do, and gives a reason.
- Use follow-up questions: Who should you tell? What could happen next? Is there a safer/more professional option?

Your supervisor gives two instructions and you remember only one. | A coworker asks you to clock in for them. | You spill something in a walkway. | A customer is angry. | You finish your task early. | You notice a coworker being left out. | Your ride may make you late. | You make a mistake but nobody has noticed yet.
