Job Interview Roulette

GAMES ACTIVITIES

HOW TO USE THIS ACTIVITY

- Cut out the question cards. Students draw one at random and answer as if they are interviewing for an entry-level job.
- Give 30-60 seconds to think. Staff can award a point for a clear answer and a bonus point for a specific example.

Cards: Tell me about yourself. Why do you want this job? Tell me about a time you helped someone. What is one strength? What is something you are improving? What would you do if you did not understand a task? How do you handle being busy? Why should we hire you?
