

# Get There on Time

Independent Living • transportation planning  
for work

## FOR STAFF • 30-MINUTE SESSION

**Purpose:** Build a realistic primary and backup transportation plan.

**Materials:** Packet.

**Easy flow:** 5 min identify route • 15 min plan • 5 min emergency scenario • 5 min reflection.

## Your Shift

Work starts at 3:30 PM. You should be inside by 3:20 PM. Travel takes about 22 minutes.

**Latest reasonable departure time:**

---

### Choose a Primary Plan

- ☐ Drive myself
- ☐ Family/friend ride
- ☐ School/work transportation
- ☐ Public transit where available
- ☐ Ride service/taxi
- ☐ Walk/bike if safe and realistic

**My primary plan:** \_\_\_\_\_

**My backup plan:** \_\_\_\_\_

# Transportation Trouble

**Your ride is 15 minutes late.**

Who do I contact? \_\_\_\_\_

Backup action: \_\_\_\_\_

**Your car has a flat tire.**

Who do I contact? \_\_\_\_\_

Backup action: \_\_\_\_\_

**Weather makes your normal route unsafe.**

Who do I contact? \_\_\_\_\_

Backup action: \_\_\_\_\_

**The person who usually picks you up cannot come.**

Who do I contact? \_\_\_\_\_

Backup action: \_\_\_\_\_

## **Get Them Talking**

- How early is too early for work?
- What should you do before you KNOW you'll be late?
- Why is transportation part of job readiness?
