

TRANSITION TEAM ■

Career Mystery: Guess the Job

CAREER EXPLORATION

HOW TO USE THIS ACTIVITY

- One person reads a clue without saying the job title. Students guess the career. Award one point for each correct answer.
- Use individually, in teams, or as a warm-up before career research.

Clues: I use ultrasound equipment to create medical images. (Sonographer) | I join metal using heat and tools. (Welder) | I care for animals and assist with medical treatment. (Veterinary technician) | I design and test solutions to technical problems. (Engineer) | I install and repair wiring. (Electrician) | I cut, color, and style hair. (Cosmetologist) | I build and repair wooden structures. (Carpenter) | I diagnose and repair vehicles. (Automotive technician).
