

TRANSITION TEAM ■

Compare Two Careers

CAREER EXPLORATION

HOW TO USE THIS ACTIVITY

- Students research two careers and compare them side by side.
- Use reliable career/program sources. Discuss which differences matter most to the student.

Career A / Career B: daily duties; work setting; schedule; education/training; certifications; starting opportunities; advancement; physical demands; transportation; what I like; what concerns me.

Reflection: Which career matches my strengths? Which training path feels realistic? What information am I still missing?
